

Bookings - SKY Order

Last Modified on 04/17/2025 9:17 am CDT

Use the *Search* field to search for Bookings by *Ticket* number, *Date*, *Customer*, or *Location*. Select the **Ellipsis** icon to *View Booking*, *Edit Booking*, *View PDF*, *Download PDF*, or *Void*.

Booking Contracts have *Sign Contract* and *Download Contract* as additional options under the **Ellipsis**.

Note: In Agvance, a *Contract Format* must be selected on the Booking before saving for these options to be available.

Selecting **Sign Contract** opens the contract to review. Select **Sign Contract** again to have the Customer sign the contract, then choose **Accept**.

Add/Edit a Booking

Bookings can be added by selecting the **+ Add Order** icon at the bottom right corner of the page then choosing **+ New as Booking**. To edit an existing Booking, choose the **Ellipsis** then select *Edit Booking*.

Note: If editing an existing Booking, the *Location* and *Customer or Field* information cannot be modified.

Auto-numbering for Bookings must be turned on in Agvance to create a Booking in Order. The timing of turning this feature on impacts Agvance data. Please contact SSI for assistance.

Customer or Field

1. Under *Customer or Field*, choose **+ Add Customer** or **+ Add Field**. A **grid** of Customers (or Fields) displays. Use the *Search* field to find the specific Customer or scroll through the list. A maximum of eight Customers may be added to a Booking. If adding by Field, only one Field can be selected. The **Filters** button to the far right of the *Search* bar can be used to narrow down the list of Customers.
