Grower360 Grain - SKY Admin

Manage Grain reports and Cash Bid setup under *Grower360* in SKY Admin.

Grain

Manage grain reports and cash bid setup in
Grower 360.

SETUP

Bid Criteria

Selecting **Edit** on the *Bid Criteria* card displays the *Bid Criteria* page. Here, the toggle can be switched to the *Off* position for any bid criteria that is for internal use only. This prevents the information from displaying for customers in Grower360.

**Bid Criteria**

Grower 360

EDIT

Cash Bids Setup and Decimal Accuracy

Cash Bids

Grower360 can be set up to display Barchart Futures Feed cash bids. Select **Setup** on the *Grain* card.

Selecting **Edit** on the *Cash Bid Visibility* card displays the *Cash Bid Visibility* page.

Cash Bid Visibility

Manage cash bids to display in
Grower 360

EDIT

The information displayed is pulled from the rows in the *Futures Price Setup* grid found in Agvance Grain.

	Commodity	Location	Bid Criteria	Future Month Alias	Delivery Period Start	Delivery Period End	Commodity Symbol
⬤▬	Soybns	00MAIN	Elevator	SEPT24	09/01/2024	09/30/2024	ZSK4

- The individual pricing rows can be toggled on or off to choose which prices to advertise.
- Each row must have a *Delivery Period Start* and *End* date as well as a *Commodity Symbol* for the pricing elements to display in Grower360.

Decimal Accuracy

Select the **Pencil** icon on *Display Bid Prices* under *Display Settings* to choose the decimal accuracy of bid prices displayed in Grower360.

The decimal accuracy for bid prices displayed in Grower360 can be set to two, three, or four decimal places. If a decimal accuracy is not selected, Cash Bid prices default to display four decimals.

Grain Reports

Under *Grain Reports,* turn the *Delivered Grain*, *Assembly Sheets with Scale Tickets,* and/or *Grain Bank Statement* toggles on to allow Grower360 users to run and print their own respective reports.

Grain Reports
Set access and criteria for reports in Grower360

Delivered Grain Report

Assembly Sheets with Scale Tickets

Grain Bank Statement

Agvance Forms:

(•) Form 3

( ) Form 4

Report Criteria:

☑ Print Settlement ☐ Show Drying Charge as Premium/Discount Values

☐ Print Bin Reference ☐ Remaining Units Only

☑ Print Scale Ticket Comments ☐ Suppress Reversed Settlement Info

When any of these options are turned on, a **Create Report** option is available in the upper right-hand corner of the *Grain* menu in Grower360. For more information on this, see the Grower360 Grain document **here**.

Note: The Grain Bank Statement report is only available for STLM Grain companies.
