

Patron Status Reports

Last Modified on 02/12/2024 11:50 am CST

Patron Status reports are found at *Patronage / Reports / Patron Status*.

Patron Equity Report

The Patron Equity report is a detailed listing of Patron equity by Certificate.

The screenshot shows a window titled "Patron Status Reports" with a list of report options on the left and a "Report Criteria" section on the right. The "Patron Equity Report" is selected in the list. The "Report Criteria" section includes:

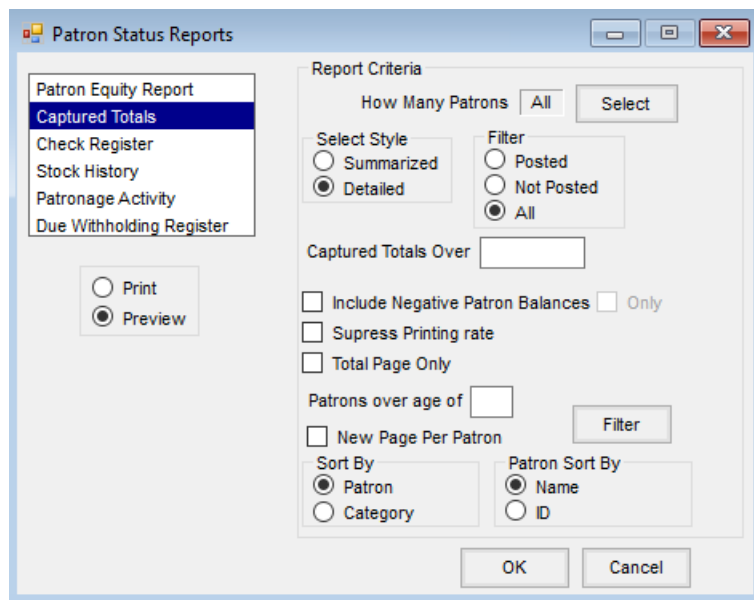

- How Many Patrons:** A dropdown menu set to "All" with a "Select" button.
- Stock Classes:** A dropdown menu set to "All" with a "Select" button.
- Include zero balance stocks**
- Totals Only**
- Patrons over age of:** A text input field with a "Filter" button.
- New Page Per Patron**
- Sort By:** Radio buttons for "Patron/Stock" (selected), "Patron/Class", and "Patron/ID".
- Patron Sort By:** Radio buttons for "Name" (selected), "Stock Totals", and "ID".

At the bottom left of the dialog are radio buttons for "Print" and "Preview" (selected). At the bottom right are "OK" and "Cancel" buttons.

- **How Many Patrons** – Select the Patrons to include on the report.
- **Stock Classes** – Select the Stock Classes to appear on the report.
- **Include zero balance stocks** – Select this option to include stocks with a zero balance.
- **Totals Only** – This option prints only Customer totals. An additional *Patron Sort By* option of *Stock Totals* is enabled when this is selected.
- **Patrons over age of** – Enter an age if Patrons over a specific age only are to appear on the report.
- **New Page Per Patron** – Optionally mark to have a page print for each Patron.
- **Sort By** – Select to sort the report *Patron/Stock*, or *Patron/Class*.
- **Filter** – Filter by information set on the Customer.
- **Patron Sort By** – Select the option for sorting the Patrons. The *Totals Only* option must be selected to enable the *Stock Totals* Patron sorting option.

Captured Totals

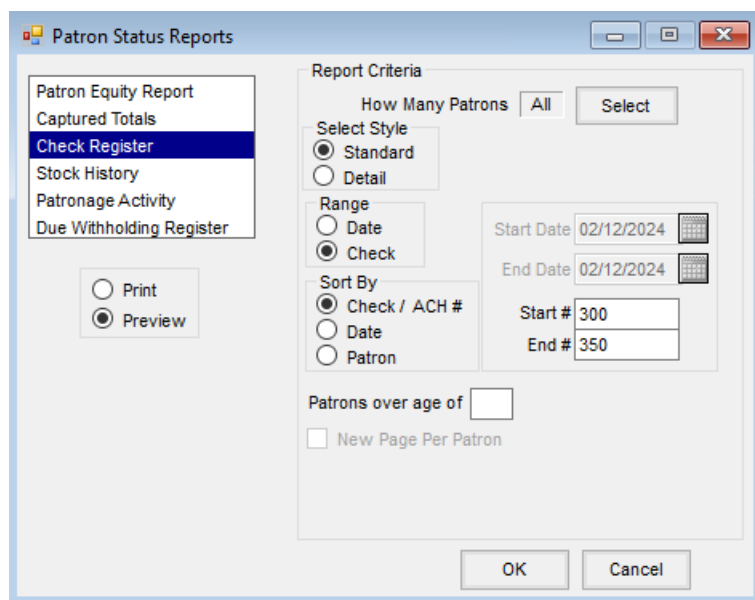

The Captured Totals report displays all captured totals by category or patron.

- **How Many Patrons** – Select the Patrons to appear on the report.
- **Select Style**
 - **Summarized** – This style contains *Quantity* and *Dollars* for the Patrons.
 - **Detail** – This style contains *Categories*, *Quantity*, *Dollars*, *Rate*, and *Patronage* dollars.
- **Filter** – Select to filter for *Posted*, *Not Posted*, or *All* totals on the report.
- **Captured Totals Over** – Enter a minimum amount to show captured totals for Patrons only over the specified dollar amount.
- **Include Negative Patron Balances** – Check to include Patrons with negative Category totals in the report.
 - **Only** – This option is available when *Include Negative Patron Balances* is selected and allows the report to only display Patrons with negative capture totals.
- **Suppress Printing rate** – Select this option to remove the rate from the report.
- **Total Page Only** – This option prints a *Totals* page only for the captured totals.
- **Patrons over age of** – Enter an age if Patrons over a specific age only are to appear on the report.
- **New Page Per Patron** – This option prints the report with a new page for each Patron.
- **Sort By** – Select to sort the report by *Patron* or *Category*.
- **Filter** – Select to filter by information that was set up on the Customer file.
- **Patron Sort By** – Select to sort the Patrons by *Name* or *ID*.

Check Register

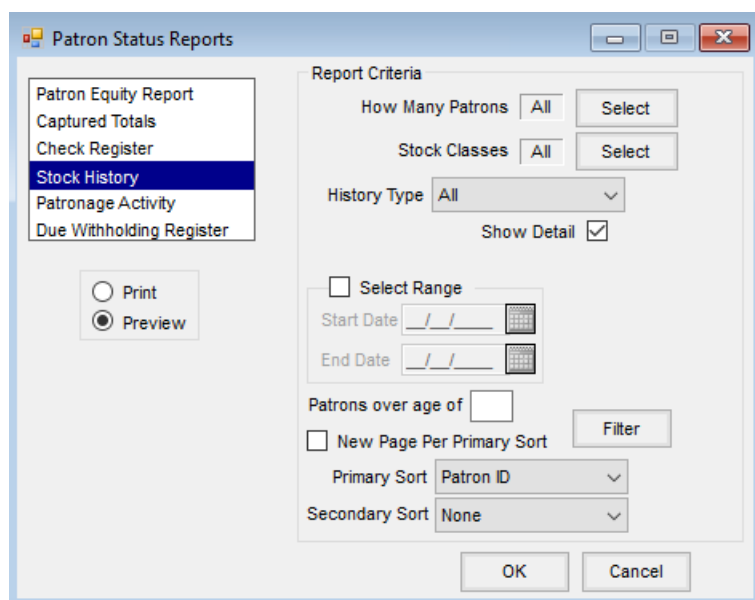

The Check Register is a listing of all Patronage checks by check date or check number.

- **How Many Patrons** – Select the Patrons to be included on the report.
- **Select Style**
 - **Standard** – *Standard* contains basic information such as name, ID, and net dollars.
 - **Detail** – In addition to the *Standard* information, this style contains more detail such as *Patronage Earned, Patronage Deferred, Dues, AR Bal, Tax Withheld, Dividend, Interest, Payout, and Patronage Distribution.*
- **Range** – Select to filter information by date or check number range on the report.
- **Start Date/End Date** – Enter starting and ending dates for the date range. This option is available when the selected *Range* is *Date*.
- **Start #/End #** – Enter a starting and ending check number for the check range. This option is available when the selected *Range* is *Check*.
- **Sort By** – Select to sort the report by *Check/ACH #, Date, or Patron.*
- **Patrons over age of** – Enter an age if Patrons over a specific age only are to appear on the report.
- **New Page Per Patron** – This option is available when sorting by *Patron*. Selecting this option starts a new page for each Patron.
- **Patron Sort By** – Select to sort the Patrons by *Name* or by *ID*. This option is available when the *Sort By* is *Patron*.

Stock History

The Stock History report displays a detailed listing of all History entries per Certificate. The report should be reviewed for accuracy before paying interest off a running balance.

- **How Many Patrons** – Select the Patrons to include in the report.
- **Stock Classes** – Select the Stock Classes to appear on the report.
- **History Type** – Select a *History Type* from the drop-down.
- **Show Detail** – Marking this option includes the *Stock Number, Date, Description, and Check Number* on the report.
- **Select Range** – If a date range should be used for the report, select this option and enter the appropriate dates in the *Start Date* and *End Date* fields.
- **Patrons over age of** – Enter an age if Patrons over a specific age only are to appear on the report.
- **Filter** – This allows filtering by information set on the Customer file.
- **New Page Per Primary Sort** – Select this option to print a page for each selected sort option.
- **Primary Sort** – Select a sort option from the drop-down to be the first sorting option for the report.
- **Secondary Sort** – Select a sort option from the drop-down to be the second sorting option for the report.

Patronage Activity

The Patronage Activity report is a statement of all activity on a particular Certificate. This report should be reviewed for accuracy before running interest off a running balance.

- **Select Stock Certificates** – Select the Stock Certificates to include in the report.
- **Stock Classes** – Select the Stock Classes to appear on the report. Multiple Classes may be selected at the same time.
- **Select Style**
 - **Summarized** – The *Summarized* style contains basic Stock Certificate information.
 - **Demand Note** – This option contains information on Demand Notes.
 - **Demand Note 2** – This style contains information on Demand Notes in a different report format than the above *Demand Note* option.
- **Certificate Status** – Choose from *Active*, *Inactive*, or *All* for the Certificate status to include on the report. The default is *Active*.
- **Interest Rate Set** – Select an interest rate from the drop-down to view on the *Demand Note* or *Demand Note 2* style reports.
Note: The *Interest Rate Set* drop-down is populated from the Saved Sets found at *Pay / Demand Note*.
- **Select Range** – Optionally select the date range for activity to appear on the report.
- **Statement Date** – Select the date to be printed on the statement.
- **New Page Per Certificate** – This option prints a new page for each Certificate.
- **Print Comments** – Optionally print the comments below each History record.
- **Filter** – This allows filtering by information set on the Customer file.
- **Patron Sort By** – Select to sort the Patrons by *Name* or *ID*.

Due Withholding Register

The Due Withholding Register is a register of all dues withheld from a Patronage check.
