Grain Divisors

Last Modified on 11/03/2026 3:51 pm CST

When setting up Commodities such as Corn, Soybeans, Wheat, and Milo, use the Unit of Measure to be shown on a DPR.

This could be bushels (bu), hundredweights (cwt), or pounds (lbs) based on reporting needs.

If entering quantity in bushels, the following applies:

- **Corn/Milo/Grain Sorghum** – 56 lbs/bu
- **Wheat/Soybeans** – 60 lbs/bu
- **Oats** – 40 lbs/bu
- **Barley/Rye** – 48 lbs/bu
