

Saving a Settlement: Error 52 Bad File Name or Number

Last Modified on 12/20/2022 4:41 pm CST

Q. Saving a Settlement and got message:

The following Error occurred in the Postsettlement Sub. That Error was:

Error Number: 52

Error Source: AgvanceGrain

Error Description: Bad file name or number

A. The user did not have permissions to access files listed on the hardware recommendations document. Once permission was established, the user was able to save the settlement.
