Customer Account Details - Grain

Last Modified on 11/19/2026 3:37 pm CST

Within Agvance Grain is the *Customer Account Details* area, accessed by selecting the **File Browser** icon, allows access to a variety of Customer account information. Optionally filter for *Favorite Customers* by selecting the checkbox.

Look up phone numbers, fax numbers, and other contact information. Access summary information of Customer account balances for each Commodity at each Location with the option to print a report that displays the Customer's account summary information. The account summary information includes a Purchase Contract Status report with open/new crop contract information and balances. This report can be printed periodically and mailed to Customers.

Open and/or closed Assembly Sheets are also available and the Scale Tickets that have been applied to those Assemblies. Certain information can be edited on those Assembly Sheets and Scale Tickets.

Access is also provided to open, new crop, and closed Purchase Contracts. Edit information on Purchase Contracts and filter to assist in the search for specific contracts. Additionally, view and edit a customer's settlement information.
