Recalculating Scale Tickets

Last Modified on 03/21/2025 7:22 am CDT

When a Premium/Discount table that has been applied to an Assembly Sheet has been modified or changed, this process should be used to reflect the modifications or changes on related Scale Tickets.

1. To recalculate Scale Tickets, go to Grain / Utilities / Recalculate Premium/Discount on Scale Tickets.

Reca	Iculate Premiu	ım/Discoun	t on Scale Tick	tets		, o x			
This process will scan through the selected assembly sheets and recalculate the scale ticket premiums and discounts based on current tables.									
	<assembly></assembly>	Location	Commodity	Cust ID	Customer Name				
						Continue			
			🗌 Incl	ude Settled Ass	embly Sheets	Cancel			

- 2. Double-click the Assembly column heading.
- 3. Select the Assembly or Assemblies needing the Scale Tickets recalculated. Choose **Done** when all are selected.
