

Mobile Energy - Changing a Price on a Product

Last Modified on 03/14/2022 4:13 pm CDT

The price for gas has been imported at a list price of \$1.15 per gallon. The customer should be billed at \$1.10 per gallon instead.

The screenshot shows the 'Agvance Mobile Energy - Demo Mode' interface. At the top, it displays 'Ticket Number: 1002' and 'Meter Gallons 0000.00'. Below this are buttons for 'Select Tank', 'Select PDO', 'Select Terms', 'View Tank', 'View Cust', and 'View Splits'. The main area is divided into tabs: 'General', 'Taxes', 'PDO', 'Booking Recap', and 'MFT Details'. The 'General' tab is active, showing customer information (ID: 1HamHe, Customer: Helen Hammond, Tank SN: 11223344) and a table of products. The table has columns: '<Product Name>', 'Quantity', 'Unit', 'Lev', 'Stat', '<Unit \$>', 'Unit', 'Total', 'Spl', '<%>', 'Your Sh', 'Ta', and 'Lot #'. The first row is 'Propane - Home...' with a quantity of 150.200, unit 'Gal', and price '1.150 Gal'. Below the table are fields for 'Salesperson ID', 'Additional Comments', and buttons for 'Read Meter', 'Remove Product', and 'Add Product'. At the bottom, there are 'Extra Charges', '<Back', 'Next>', 'Take a Payment', 'COD', 'Save', and 'Cancel' buttons. A summary box shows 'Subtotal 172.73', 'Prepay \$ Used 0.00', 'Sales Tax 0.00', and 'Amount Due 172.73'. The status bar at the bottom shows '10/29/2015 3:08 PM'.

Double-click under the column.

This screenshot is identical to the one above, but with a red rectangular box highlighting the '<Unit \$>' column in the product list table. The value '1.150' in that column is also highlighted. The rest of the interface, including the customer information, buttons, and summary box, remains the same.

Select the price from the list, or enter a new price, and select the OK button.
