

API 7.0.24250 | 10.17.2023

Last Modified on 10/17/2023 11:37 am CDT

- **FTM-3072 / New Public Endpoint - Post Futures Month Pricing**– A new public API endpoint has been added to give the ability to add Futures Month Pricing records or Edit an existing Basis Price on a record that already is in the DB. This API functions in the same manner as the *Import of the Futures Pricing* information in Agvance Grain. Basis Price will not be updated if the option is set to disable that feature either by the API or in Grain. For more information see <https://api.agvance.net/Help/Api/POST-FuturesMonth-PostFuturesMonthAddOrUpdate>.
