

Settlement Contract Signature Status Dashboard

Last Modified on 11/17/2023 12:04 pm CST

This dashboard honors user restrictions based on login location.

Purpose

The Settlement Contract Signature Status dashboard can be used to track which Settlement Contracts have been electronically signed and when grain clerks need to ensure contracts are signed within a certain number of days of the contract being established.

Details

The *Signed* column indicates whether or not the contract was electronically signed (also indicated by a green bar for signed or a red bar for not signed). The **Printer** icon can be selected to navigate to a printer-friendly version of the dashboard.

Filter by *Date Established*, *Commodity ID & Name*, *Location*, and/or *Signed Y/N*.
