

Grower360 Integrations - Agvance SKY Admin

Last Modified on 09/22/2026 10:55 am CDT

Settings for Grower360 Integrations can be enabled and set up at *Agvance SKY Admin / Grower360 / Integrations*.

Integrations

☒ Barchart API Key & Grain Offers ID	
☐ DTN API Keys and Site ID	
☐ Custom Futures URL	
☐ Sidebar Page Link	

To see a video of Grower360 Setup in Agvance SKY Admin, see [here](#).

Barchart

A Barchart API Key can be entered at *Agvance SKY Admin / Grower360* under *Integrations*.

Barchart API Key

Barchart API Key

Barchart Grain Offers Integration (Optional)

Display ID

[Cancel](#) [Save](#)

When an API key from Barchart is entered and the [Cash Bid setup](#) is completed at *Agvance SKY Admin / Grower360 / Cash Bid Setup*, cash bids display on both the *Grower360 Login* page and *Overview* page. Cash Bids display based on the current Barchart subscription. Additionally, the *Barcharts API Key* cannot be used in conjunction with the *DTN API Key*. Optionally enter the *Display ID* for the *Barchart Grain Offers Integration*.

DTN

Cash Bids can be set up to display in Grower360 via DTN. This setup requires a separate agreement with DTN prior to setup in Agvance SKY. Reach out to a DTN sales representative to set up or verify the correct subscriptions and licensing.

Setup

Setup for specific Cash Bids including Basis information is done through the DTN online portal.

Setup for the display of the Cash Bids information is done at *Agvance SKY Admin / Grower360 / Integrations*. The *DTN API Key* and *Site Id* are required and should be obtained from DTN. Entering this information allows Cash Bids information (determined from the DTN online portal) to display on the *Grower360 Login* page as well as the *Grower360 Overview* page.

The DTN Futures API Key can optionally be entered in order to display future Cash Bids in Grower360.

DTN Integration

[Cancel](#) [Save](#)

- When an API key from DTN is entered and the [Cash Bid setup](#) is completed at *Agvance SKY Admin / Grower360 / Cash Bid Setup*, cash bids display on both the *Grower360 Login* page and *Overview* page.
- When the *DTN Futures API Key* is entered, Cash Bid futures display on the *Grower360 Login* page and *Overview* page.
- A *Site Id* is required for setting up DTN Cash bids for display on Grower360.

Custom Futures URL

Companies can choose to redirect Growers to their own *Futures Cash Bids* page.

To do this, select the + button next to *Custom Futures URL* under *Grower360* in Agvance SKY Admin in the *Integrations* section to enter a URL redirecting Growers to Futures information.

Custom Futures URL

Custom Futures URL

Cancel

Save

Choose the **Edit** icon to edit the URL if needed. If at any time the link needs removed, the toggle can be turned off but the URL will be retained.

Once a URL is saved and the toggle is turned on, Growers will see a link to **View All Futures** on the top of the Cash Bid card in Grower360.

Sidebar Page Link

Select the + next to *Sidebar Page Link* at *Agvance SKY Admin / Grower360* under *Integrations* to enter a URL. This adds a link at the bottom of the left hand navigation in Grower360 to direct growers to that URL.
