- **AN-3267 / Ship To Data Source** – A new Invoice Ship To data source was created that lists the Invoice GUID along with the Ship To used on the Invoice and corresponding information about the Ship To such as address, city, state, and zip code. This can be blended to the Sales Invoice data source to get data from both data sources.
- **AN-3265 / Payments Data Source** – A new data source exists that includes payment detail such as *Payment Number, Amount, Location, User, Notes, Type, Method, Customer*, etc.
