Order June 2025

- **SKYD-766 / Remove Ship From Location** – The *Ship From Location* can now be removed from all line items at one time with the **Remove All Locations** button when adding a **Blend** or **Delivery Ticket** in SKY Order.

- **SKYD-737 / Payment Terms on Blends/Plans** – A Payment Term can be selected when adding **Blends** or **Plans**.

- **SKYD-762 / Field Search Overlay** – When searching for Fields when adding an Order, the *Crop Year*, *Crop*, and *Crop Chemistry* information is now available along with a link to the Field in SKY Customer (**Field Crop Info**).

- **SKYD-846 / Target Pests** – When the *Blend Ticket - Require Target Pests* option in Windows Agvance is set to *No Checking*, no checking is completed for Target Pests. With *Disallow Save* selected, Blend Tickets cannot be created without a Target Pest ONLY if at least one of the Products on the ticket is marked as *Restricted*. With *Warning Only*, it is indicated the Target Pest is recommended ONLY if at least one of the Products on the ticket is marked as *Restricted*.

- **SKYD-818 / Inactive Products** – If an inactive Product has been added either manually or by formulating, the inactive Product name will display with a tooltip indicating the Product needs to be removed or the Product activated to save. If trying to save without removing the Product, a window will display requiring the Product to be activated or giving the option to go back and remove the Product.

- **SKYD-803 / Create Auto Blender File** – The *Create Automated Blender File* option is disabled if the Product Set on the Blend Ticket is not set up for automated blenders.

- **SKYD-800 / Lbs of Analysis for Tonne** – When adding a Blend or Plan by the *Tonne*, the *Lbs of Analysis* display as *2204.622* rather than *2205*.

- **SKYD-792 / Ship To Input on Mobile Device** – The *Customer/Field* section now displays as expected when adding an Order.

- **SKYD-860 / Save/Return Permits** – Permits are saved to the database and are recalled when editing/viewing Plans.
