Energy November 2025

Last Modified on 11/04/2025 2:22 pm CST

- SKYR-767 / Product Delivery Order Edit With the Add/Edit Order Feature toggled on in SKY Admin, edit a
 Product Delivery Order on the Orders page of SKY Energy that has not been invoiced. Invoiced PDOs will
 always be view-only.
- SKYR-997 / Driver Search A search modal opens when choosing + Add Driver for a new or existing tank.
- SKYR-1046, 1056 / Tool Tip Added to Tanks and Orders Pages A tooltip has been added on the *Tanks* and *Orders* pages next to the title to explain the loaded dataset. *Up to 500 records displayed*. *Use the search bar to search all records. Sorting and filter will only affect displayed records.*
- SKYR-1058 / Budget Billing Info Layout The Budget Billing Info section when adding or editing a Tank has been updated to expand the Product Details area and auto populate the Budget Billing Product.
- SKYR-1063 / Tank Serial Number Edit Edit or modify a tank Serial Number on the Edit Tank page. When saving, SKY Energy will validate the new number.
